Special Agent in Charge  
FBI Washington Field

Dir Sir:

The purpose of this letter is to commend the recent performance of SA Nada Nadim Alley-Prouty while serving in the Legat Amman office. SA Alley-Prouty spearheaded the investigation into the Murder of the United States diplomat, Laurence Foley. From the day she arrived in Amman she was able to "hit the ground running." She organized the various tasks of the case, and set a timetable for achieving the necessary goals. She worked on all aspects of the case including conducting interviews, dealing with evidence, holding discussions with the United States Attorneys office, and dealing with other U.S. government agencies, and the host country services.

SA Alley-Prouty is an extremely valuable asset to the FBI. She is an experienced investigator, is fluent in the Arabic language, and has a deep understanding of both Western culture and the culture of the Middle East. She is able to fit in with any mileau.

SA Alley-Prouty was able to maintain contacts with appropriate officials in a highly professional manner, and document everything in exceptionally well-written communications. It has been a pleasure to work with her in Amman, and seeing how well she represents the Bureau, it once again made me proud to be a Special Agent of the FBI.

As Legat Amman, I would be extremely pleased to have SA Alley-Prouty work with me at any future opportunity. She handled herself in a professional, efficient and effective manner. I am also certain that SA Alley-Prouty would be an excellent candidate for the Legat program if it should fit into her future plans.

Sincerly yours,
