Dear Sir,

I would like to thank you for allowing SA Nada Nadim Alley, NS-12, time away from your division. I know she is a valuable member of your extraterritorial squad and as such was surely missed.

SA Alley's performance during several temporary duty assignments (TDY) here in Islamabad, gave me the confidence to know that she would be able to handle any situation that she might encounter as Acting Legal Attache. I have found that she exceeded my expectations. SA Alley's work here was outstanding. She demonstrated excellent investigative skills and professional expertise. Various members of the embassy community, to include the Charge d'affaires, complimented SA Alley on her interpersonal skills, which are particularly important in an embassy environment.

In addition, SA Alley had the opportunity to liaise with several important high level Pakistani contacts, all of whom commented on her personable and professional manner.

SA Alley would be a welcome addition to the Legat Program at any time.
